We haven't had any issue with this. Many times lately they want our due diligence files which we keep at corporate. We get those to them within a day or two and haven't had any problems.

Subject: readily retrievable

Hey guys,

I have been having some discussions on what is readily retrievable according to DEA. Depending on the depth of the request, in may be a few minutes or hours. In most cases, next day is acceptable. Have any of you experienced an "official" stance of what is readily retrievable?

Thanks

Readily retrievable means that certain records are kept by automatic data processing systems or other electronic or mechanized recordkeeping systems in such a manner that they can be separated out from all other records in a reasonable time and/or records are kept on which certain items are asterisked, redlined, or in some other manner visually identifiable apart from other items appearing on the records
